

# FREE KIDS DENTAL\*

Dear Principal,

## Important news for your school community:

**Are children at your school eligible to receive a \$1000 free\* dental benefit?**

The Child Dental Benefits Schedule provides eligible children with \$1000 dental benefits over a 2 calendar year period and covers selected services including: examinations, x-rays, cleaning, fissure seals, fillings, root canals and extractions.

To gain access to benefits children must be eligible for Medicare, must be between 2 and 17 years of age for at least 1 day of the calendar year with the child or parent, guardian or carer receiving Family Tax Benefit Part A or another relevant government payment.

**It is vital that children establish good dental health habits whilst they are young. We encourage you to share information about this government scheme with your school so that families are able to take advantage of the \$1000 free\* dental benefit.**

We've included some basic information on the scheme overleaf and on our website which you can share in your school's newsletter, website or social media channels. If you require content for your school newsletter or social media, please do not hesitate to ask.

We look forward to helping the children of your school smile for life!

Yours Sincerely,

*The team at Pacific Smiles Dental*
