Re: YEAR 5 Starlab Incursion/Excursion

Dear Parents and Caregivers of Year 5 Students

As part of our Place in Space Inquiry unit, the students were initially going to visit the Mt Coot-tha Planetarium & Gardens to consolidate all the many aspects of our Universe studied. Due to the COVID-19 disruptions and restrictions, we are unable to attend this venue as planned.

However, we are delighted to inform you that instead of an excursion to the Planetarium at Mt Coot-tha, we have been able to join with the Year 5 group at Tullawong State School for a Starlab incursion.

'Starlab Planetarium is a giant silver dome that simulates the night sky of our Southern Hemisphere. Inside, students can discover more about space and our solar system through the use of visual projections, demonstrations and multimedia. This is an interactive experience enabling the students to participate by asking questions and making observations about space.'

Starlab Education

Many thanks to the Year 5 team at Tullawong State School for organising this activity and allowing us to participate.

Date of Incursion/Excursion: Thursday 16 July 2020

Travel Arrangements: Walking

What to Bring:

- Morning Tea & Lunch packed in a cooler bag and back pack.
- Water Bottle

What to Wear:

- Formal School Uniform
- School Hat

Permission to attend this Incursion/Excursion is only available electronically via Parent Lounge. Parent Lounge can be accessed on the school website and the school app. You will require your login details to access Parent Lounge. Please enquire at the School Office if you don't know these details.

Should you have any questions about the excursion, please do not hesitate to contact us.

Yours sincerely

Matt Nicholls & Becky Farrell
