

Acceptable Use Agreement for Internet and Digital Technologies Prep – Year 6 2021

St Paul's Lutheran Primary School believes the teaching of cyber safe and responsible online behaviour is essential in the lives of students and is best taught in partnership between home and school. Our school has been endorsed as an 'eSmart' school and this will further encourage good digital citizenship.

Students are spending increasing amounts of time online, learning and collaborating. To be safe online and to gain the greatest benefit from the opportunities provided through an online environment, students need to do the right thing by themselves and others online, particularly when no one is watching.

Safe and responsible behaviour is explicitly taught at our school and parents/carers are requested to reinforce this behaviour at home.

Your child has been asked to agree to use the Internet and digital technology equipment responsibly at school. Parents/carers should be aware that the nature of the Internet is such that full protection from inappropriate content can never be guaranteed.

Please see the attached Internet and Digital Technologies Agreement which need to be read by the Parent / Carer to the student prior to accepting these Terms and Conditions.
